Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment
Comments:	Dear Planning team, I object to the construction of the Observation Tower for two reasons as follows: 1. The tower woul represent an overdevelopment of the facilities as the current infrastructure of the recreation ground is for non league and youth team football and not capable of sustaining high levels of football so a media platform is not commensurate with the level of sport that will played at this ground. 2. Access around the recreation ground is currently and will permanently be limited especially those with limited mobility as we are asked by the ground users to walk around the ground rather than access the playing field which is particularly boggy for 6 months of the year. Regards [redacted]

Kind regards
