Attachments: Condition 9 alternative wording.docx

Dear Kate,

I have passed this for signing off based on a resolution to the suggested condition 9 archaeological works below.

As submitted, phase 1 will be removed from archaeological safeguarding. I've suggested alternative wording that reinstates phase 1 and reflects the initial stage of condition has already been discharged (to the benefit of all phases). If you could revert, then we can issue approval.

As the expiry date falls on a Sunday (1st June) can we agree an EoT until 4th June (given signing off officer's availabilities as previously emailed).
