Subject: Planning Application Consultation - DC/25/0832
Attachments: NatureSpace - When to consult your District Licensing Officer - updated May 2024.pdf

Good morning Halima,

Planning reference: DC/25/0832

Thank you for consulting me on the above planning application. The proposed development is not considered to be relevant to the District Licensing Scheme in this case and we consider there would be no likely impact on great crested newts or their habitats. I therefore have no comments to make at this time. If the proposal changes, then please seek further advice from me if necessary.

This application would not trigger a need for a great crested newt consultation as it is a householder in the amber zone, with no ponds or suitable habitat on site. Please refer to the attached guidance document to identify which applications would trigger a consultation.

Kind regards,

Jennie Shea
District Licensing Officer (Great Crested Newts) – West Sussex
