Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Loss of General Amenity- Overdevelopment- Privacy Light and Noise
Comments:	<p>My objection is on the following grounds:</p> <ol style="list-style-type: none">1. This proposal is outside the built up area of the village, and on greenfield farmland2. It is immediately adjacent to the Lock Lane bridleway, a valued local amenity which would be adversely impacted by light and noise from the development3. Partridge Green has recently suffered the loss of much of its bus service, and the closure of both of its GP surgeries4. Partridge Green High Street is already hugely congested, with cars parked up on the

pavements, and with regular movement of large trucks - with an additional 255 houses already approved for the village it's evident that the Highway cannot bear more traffic.

5. HDC has already correctly rejected application DC/24/1699 which is substantially the same as this application, which is a cynical attempt by the developer to circumvent that decision and to frustrate well-founded local objections

6. Although I know that the local plan has not been made, nonetheless the people of our community voted to support proposals in PG village locations which contribute to meeting the house building targets for our district, and this proposal is not consistent with that democratic decision.

Please reject this proposal.

Kind regards
