Subject: NC/25/0019 - Addition of a bridleway from Sedgwick Lane to meet BW1713 (CC803.15848)

Categories: Consultations

Dear HDC Planning

The council considered the above application last night. The council considered the application and referred to the papers I accessed via a link provided by WSCC as well as hearing from members of the public in attendance during the public session of that committee meeting. The outcome was:

It was RESOLVED to support the application on the basis that it links to a current bridleway and should be reinstated. Noted that the council supported the previous application.

This response has been issued to the Environment Team Legal Department at WSCC who have acknowledged its arrival, but I write to acknowledge the reference on the HDC Planning portal reference NC/25/0019 as an act of transparency but understand that this response will be issued as part of the papers to the WSCC Committee in July for their consideration.

Best regards
Lisa

Lisa Wilcock
