Hi Andy

Thank you for your consent regarding the Goat Willow. I can confirm that we have now removed the tree and replaced it with the Crataegus.

Kind regards

Pat

I can confirm that I have reviewed your proposal, and in this instance, the Council is **amenable to your request subject to the replacement of the tree with a** Crataegus Laevigata 'Paul's Scarlet' as you have suggested. In addition, I can advise that no concerns are raised with the removal of the dead sapling and replacing it with an Amelanchier.
