Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity
Comments:	When the original application for a "pop-up campsite" was originally approved I was suspicious as to where this would end up, and my suspicions have been proven correct. Considering that the application was for a limited time during August only, it wasn't long before the site was being used year round. So here we are, my main reasons for objecting are; Accessibility: access only into a single track lane, already too

busy.
Amenities: there are none anywhere this site, promoting car only use.
Allocation: Henfield already has over representation of these sites, the closest being a few hundred metres away.

Kind regards
