**Subject:** GROTESQUE ABUSE OF POWER BY HOMES ENGLAND REGARDING WEST OF IFIELD

Dear Sussex World Team

Government quango Homes England has submitted a massive 345 documents to Horsham District Council to justify its monstrous West of Ifield speculative planning application, knowing that we - the community - have only 21 days to make a formal representation opposing the application.

As Save West of Ifield's Fenella Maitland-Smith points out: "This would suggest that 16 documents a day are reviewed". An impossible task - and Homes England knows it.

This is deliberate information overload to suppress and silent legitimate voices of opposition to the speculative planning application.

This is also a grotesque abuse and misuse of power by this government-appointed master developer - and fatally undermines the local democratic planning process.

Horsham District Council needs to stop this insanity in its tracks if it wants a sound and legally compliant Local Plan.

Yours sincerely
