Categories: Consultations

Dear Planning,

I write further to submission of a proposed waste management plan to benefit the above Application.

This Service finds the proposals for waste management to be satisfactory, but advises that due to domestic properties being located close to the site, no collection of waste should occur outside of daytime hours; specifically therefore not before 07:00am Monday to Saturday inclusive. It is recommended that this be secured by Condition, should the Application is Permitted.

Kind regards

John Griffiths
