Attachments: Oak Cottage.pdf, Arbor Cottage - Listed building.pdf, Ifold Village - Previous project.pdf
Importance: Normal

Afternoon Halima,

I hope this email finds you well.

I received your correspondence from Trevor at Steel Calculations Designs Ltd.

Trevor is currently away and not due back for a few more weeks. He has asked me to take & send you photos of examples similar to the project we are proposing at Oak Cottage.

Attached to this email are pictures of Oak Cottage & Arbor Cottage (listed building).

Also attached are photos of a project completed just over a year ago in Ifold Village, which shows's off that lovely low brick style, wooden cladding above and a gorgeous Oak front, all very much within keeping to the style of Arbor Cottage & many others within Slinfold.

To follow on a separate email (due to folder size) will be other examples within Slinfold.

Please do feel free to contact me if you have any questions or, if I have anything missing.

Warm regards,

Ian
