Commenter Type:	Parish Council
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	Washington Parish Council has discussed this application at its Planning & Transport Committee Meeting on 21st September and agreed to make an objection due to insufficient detail in the published proposals. Members have commented that it is not clear if the applicant is proposing to extend the existing property and replace the garage with a separate dwelling, or if they are replacing the existing property with two completely new dwellings. The Parish Council would welcome the opportunity to reassess its response if the application is re-submitted.

Kind regards
