Comments:	<p>I object to this application for the following reasons:-</p> <ol style="list-style-type: none">1. The Business Case is not substantiated with firm data only aspirations and cannot be shown to be sustainable.2. This means that any residential dwelling is predicated on a

business which may not be able to support such a need.
3. The real purpose of this application is to obtain consent for a modest dwelling supposedly to support a business but which will become subject to further applications and/or retrospective ones for a permanent larger dwelling in a hitherto isolated location in the country.
