Hi Hannah

We raised no comment on the previous application but the description of the use for forestry management implies particular uses and practices which may require control. The use of the barn should be limited to agricultural and forestry purposes only. If the application is approved it is recommended that the following conditions are attached:

- No fixed externally located plant machinery or equipment shall be installed or operated without the prior written approval of the local planning authority

- No exterior lighting shall be installed or operated without the prior written approval of the local planning authority.

- Hours of operation, including deliveries and dispatch, shall be limited to:
  08:00-18:00 Monday to Friday
  08:00-13:00 Saturdays
  No operations are permitted on Sundays and public holidays

Regards

Lee
