Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Other
Comments:	I wish to point out that both the roof and sides of this building are clad with corrugated white asbestos cement sheets. As improper handling or removal of this material can release asbestos fibres, posing a health hazard and as I live within 100 metres of this building, which is also adjacent to a public footpath,I am concerned that removal of this asbestos should only be undertaken by a suitably qualified and competent contractor. I request confirmation that this material will not be buried on site.

Kind regards
