Reasons for comment:	- Loss of General Amenity
Comments:	Beside the environmental impact of this development I feel we need to learn from how covid effected us all. As an older member of the community golf is the only sporting activity I am able to take part in. We are encouraged to exercise and will loose this great open air facility if this goes ahead. It's not only the game but the loss of the opportunity to socialise which is essential to the mental wellbeing of the senior members of society.

Kind regards
