Stance: Customer objects to the Planning Application

Reasons for comment:

- Design
- Highway Access and Parking
- Loss of General Amenity
- Overdevelopment
- Privacy Light and Noise
- Trees and Landscaping

Comments: The loss of important countryside in this area will have a huge detrimental effect on local residents quality of life and will result in great destruction of this important ecosystem. Any 'mitigation' will fall far short of replacing what is lost and what has been there for hundreds of years. The inevitably great increase in traffic will be a further issue in an area already struggling with increasingly heavy use of highways. It will also further erode the important 'green gap' between Crawley and Horsham

Kind regards
