Horsham District Council

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:
DC/25/0013
Otters, Church Lane, Ashurst, West Sussex, BN44 3AR

DESCRIPTION:
Demolition of existing side garage and conservatory and the erection of a single storey side extension. Replacement windows to all elevations.

RELEVANT PLANNING HISTORY:

DC/17/1623	Demolition of existing garage. Erection of part two storey part single storey side extension with associated internal alterations	Application Permitted on 13.09.2017

RELEVANT PLANNING POLICIES
The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):
Policy 25 - Strategic Policy: The Natural Environment and Landscape Character
Policy 28 - Replacement Dwellings and House Extensions in the Countryside
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 34 - Cultural and Heritage Assets

Neighbourhood Plan
Ashurst has not been designated as a Neighbourhood Plan area.

Horsham District Local Plan (2023-40) (Regulation 19):
Policy 9: Water Neutrality
Policy 19: Development Quality
Policy 20: Development Principles
Policy 21: Heritage Assets and Managing Change within the Historic Environment
Policy 45: Replacement Dwellings and House Extensions in the Countryside

REPRESENTATIONS AND CONSULTATIONS RESPONSES
Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Natural England: Standing Advice:-
It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Arboricultural Officer: No arboricultural concerns. Foreseeable arboricultural impacts are restricted to the requirement to prune back established boundary hedging to enable access and circulation around the new building.

Sufficient space exists internally to the site for foreseeable development operations to be maintained a reasonable distance from the key rooting areas of any mature bounding trees of landscape significance.

Conservation Officer: No objection

Archaelogical Officer:
Although the site is within an Archaeological Notification Area the proposed extension is within an area that has been previously disturbed and so there are no archaeological concerns.

Newt Officer: The proposed development is unlikely to have an impact on great crested newts and/or their habitats. However, as the development is within the red Impact Risk Zone, as modelled by district licence mapping recommend that an informative be attached to any planning consent.

Parish Comments:
Ashurst Parish Council remain neutral.

Representations:
None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent as well those taken during the site visit. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policy 28 of the HDPF relates to house extensions and outbuildings in the countryside, stating that extensions should not be disproportionate to the size of the existing dwelling, and should be in keeping with the scale and character of the existing dwelling. The policy also states that the cumulative impact of existing extensions will be taken into account.

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Moreover Policy 34 of the HDPF aims to maintain that proposed development is required to preserve, and ensure clear legibility of, locally distinctive vernacular building forms and their settings, features, fabric and materials.

It is acknowledged that the host dwelling Otters appears as a late nineteenth or early twentieth century dwelling but may conceal an older core that appears to have formed part of the historic farmstead. In any case, the current proposal would not prevent an understanding or appreciation of the special interest of the neighbouring listed building, Oak Ford Farm. The extension would appear as a subservient addition and of the form not unusual in this rural hamlet.

Overall, the proposal is considered to be of a design, form and scale which is appropriate to the character and appearance of the existing dwelling. The proposal would have no adverse effects on the setting of the surrounding Listed Buildings. It is therefore considered that the visual impact of the proposal is acceptable and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

The proposal would marginally protrude beyond the southern neighbour's L-shaped rear outshot. However, given the single storey nature and the boundary treatment, it is considered that the siting and layout of the proposed extension and the resulting relationship with adjacent properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 193 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Archaeological:

The site is within an Archaeological Notification- DWS8907- Ashurst Historic Core. However, the proposed new extension is not large and is partly within the footprint of the existing structures that are to be demolished and this will have further reduced the potential for significant archaeological remains to be present. Therefore there are no archaeological concerns in this case.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Regulatory Condition**: The materials to be used in the development hereby permitted shall strictly accord with those indicated on the application form and approved plans.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

4 **Regulatory Condition**: The new roof junctions at ridge, hips, valleys, eaves and verges shall be built to reflect traditional detailing including exposed rafter feet, cut verges, bonnet hip and valley tiles and hogs back or half round ridge tiles.

Reason: To ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).

5 **Regulatory Condition**: The new windows fitted in the extension hereby permitted shall have casements flush fitted with their frames if manufactured in timber or plastic.

Reason: To ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).

6 **Regulatory Condition**: The roof lights hereby permitted shall be metal framed and sit flush with the roof slope.

Reason: To ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).

7 **Regulatory Condition**: All new and replacement rainwater goods shall be cast iron or cast aluminium or cast effect plastic.

Reason: To ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).

NOTE TO APPLICANT

The applicant is reminded that, under the Conservation of Habitats and Species Regulations 2017 (as amended) and the Wildlife and Countryside Act 1981 (as amended), it is an offence to (amongst other things): deliberately capture, disturb, injure, or kill great crested newts; damage or destroy a breeding or resting place; intentionally or recklessly obstruct access to a resting or sheltering place. Planning

permission for a development does not provide a defence against prosecution under this legislation. Should great crested newts be found at any stage of the development works, then all works should cease, and a professional and/or suitably qualified and experienced ecologist (or Natural England) should be contacted for advice on any special precautions before continuing, including the need for a licence.

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
