Subject: Re: Tree Application Invalid - DC/25/1104

[redacted] [redacted]

To whom it May concern,

The dimensions of the trees are both a height of 12m which with a reduction of 25% would be a height of 9m.

The crown (width) of the trees is 10m so a reduction of 25% would be 7.5m

Are the council not going to inspect the trees?

Regards,

Tony
