By email only: Planning Department, planning@horsham.gov.uk

Thank you for requesting advice on this discharge of condition from Place Services' ecological advice service. This service provides advice to planning officers to inform Horsham District Council *planning decisions with regard to potential ecological impacts from development. Any additional information, queries or comments on this advice that the applicant or other interested parties may have, must be directed to the Planning Officer who will seek further advice from us where appropriate and necessary.*

Application: DISC/25/0178
Location: Morelands Barn Naldretts Lane Rudgwick West Sussex RH12 3BU
Proposal: Application for Approval of Details Reserved by Conditions 3 and 14 to approved application DC/21/2842

Thank you for consulting Place Services on the above discharge of condition application. We can only comment on conditions related to ecology.

Conditions
Condition 14: **Recommend discharge**

"*Regulatory Condition: Any works which will impact the breeding / resting place of bats shall not in in any circumstances commence unless the local planning authority has been provided with either:*

a) a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 (as amended) authorizing the specified activity/development to go ahead; or
b) a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence."

Reason: To conserve protected species and allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998.

Comments

Condition 14

We have reviewed the Natural England email dated 25th February 2025 confirming that the site has been registered under class licence WML-CL21, which has been submitted in order to discharge Condition 14.

We previously recommended a non-material amendment, due to the secured licence type "Bat Mitigation Class Licence", not being listed within the condition wording. However, following further discussions with the case officer, we are now satisfied the information provided is sufficient to recommend discharge of Condition 14. As stated within the Natural England email they will need to be provided with a licence return within 4 weeks of completion of licenced works, with a licence return being expected no later than 28/10/2025.

Recommendation

Subject to implementation in full of the submitted details, we recommend discharge of Condition 14.

Please do not hesitate to contact us if you have any queries in relation to this advice.
