Submission Date	Wednesday, March 13, 2024

Amendments to the Application Form

Identification Of Tree(s) And Description Of Works - Please identify the tree(s) and provide a full and clear specification of the works you want to carry out

Previous Answers:

In the rear garden of no 19 there is a large dead hawthorn tree that is dropping limbs quite regularly that the customer would like taken down and another hawthorn replanted to replace the one they have lost then there is a ash tree that has been reduced before that they would like to be re reduced by approximately 3.5 m back to the original reduction points and dead wooded

Updated Answers:

In the rear garden of no 19 there is a large dead hawthorn tree that is dropping limbs quite regularly that the customer would like taken down and another hawthorn replanted to replace the one they have lost then there is a ash tree that has been reduced before that they would like to be re reduced by approximately 3.5 m back to the original reduction points and dead wooded the regrowth is approximately 12-15 feet long making the tree approximately 45feet high so when finished would be approximately 35 feet in height
