Reasons for comment:	
Comments:	<p>I am a close friend of the family, and my whole family has enjoyed using the zip wire in their garden.</p> <p>It is very well made, secure, and clearly designed with safety in mind. It sits fully within their private garden and does not affect neighbouring properties. It creates minimal noise and is well screened, so it isn't visually intrusive.</p> <p>Most importantly, it provides a fantastic opportunity for children to be outdoors, active, and playing together rather than indoors on</p>

electronics. It's a wonderful, positive feature that brings children joy in a safe home environment.

I fully support it remaining in place.

Kind regards
