Hi Halima, David,

Alternatively, it could be blue to match the existing window frame colour of the building.

Regards
Rob

Good morning Halima,

As you can see from the email stream below, if required the flue could be polyester powder coated to blend with the existing brickwork.

This was a comment made in the pre-application response.

Kind regards,

David Seaman.

Hi Rob,

Thanks for this.

Shall I offer to Halima the planning officer?

Kind regards,

David Seaman.

Hi David,

Yes, the flue can be powder coated to match building aesthetics.

Regards
Rob

Hi Robin,

Think it would be very beneficial if we could confirm that the flue would have a matt rather than shiny finish.

Is that possible?

Kind regards,

David Seaman.
