Comments Details

Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment:

- Design
- Highway Access and Parking
- Loss of General Amenity
- Other
- Overdevelopment
- Privacy Light and Noise
- Trees and Landscaping

Comments: I strongly object to this application.
This is a totally inappropriate location for such a development. It is

completely out of character with the surrounding area and actually seriously harms the character and appearance of this attractive country lane. There has already been so much destruction caused to hedges and wildlife habitats on this site with absolutely no respect shown for the natural environment. Tall wooden fences erected with concrete posts and concrete gravel boards makes that once beautiful area now look like an urban commercial industrial estate. A new entrance has also been made onto Pickhurst Lane creating more traffic onto a narrow bendy country lane.

Please listen H.D.C!! This development goes completely against your own Planning Policies with respect to protecting, conserving and enhancing our natural environment. You seek to protect our beautiful countryside and our stunning rural heritage. This is hardly enhancing the natural beauty of its surroundings. It is so close to Ancient Woodland, Listed Buildings and it is just a matter of feet from the South Downs National Park. So I ask you to withdraw this application and have the site returned to its natural state. Thank you.

Kind regards
