### Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none"><li>- Design</li><li>- Highway Access and Parking</li><li>- Other</li><li>- Overdevelopment</li></ul>
Comments:	<p>I wish to object to this application.</p> <p>There are too many cars at this residence already and with this development there would not be enough space for the existing property.</p> <p>Outside of the proposed building is the school crossing for North Heath lane school, which I feel cannot be safely moved, and</p>

would be detrimental to the safety of the children.  
The Person applying for this application does not live in the area or the UK. So therefore does not appreciate the impact on the local community or environment as there is a fox den under fence which would be disturbed.  
The development would effect the bus outside the residence.  
The proposed development would not be in keeping with the existing property.  
The proposed parking to the right of the existing property will have a major conflict with the bus stop right outside especially during the construction phase, and for any cars coming out onto the main road.

---

Kind regards
