| **PROPOSAL:** | Surgery to 1x Walnut (Works to Trees in a Conservation Area) |
| **REFERENCE:** | CA/25/0043 |
| **RECOMMENDATION:** | No objection |
| **SUMMARY OF COMMENTS & RECOMMENDATION:** See main comments | |
| **MAIN COMMENTS:**<br><br>Horsham Denne Neighbourhood Council Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:<br><br>The Walnut tree at the rear of the property is a mature tree that has a typical crown area for a specimen of this type.<br><br>The tree has been reduced on a previous occasion and this can be repeated again to the three lower branches. This will raise the lower crown to the same height as the new fence in the neighbouring property.<br><br>All reduction cuts should be made to a healthy union join to ensure the continued health of this specimen tree.<br><br>Therefore, HDNC has **no objection** to this application. | |
