### Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none"><li>- Highway Access and Parking</li><li>- Overdevelopment</li></ul>
Comments:	road to development is dangerous and narrow and village is already used a cut through in all directions accident waiting to happen extra traffic to site, lorries destroying grass verges and adding even more potholes car parking issues in other roads would only add to congestion, trying to get out of village is bad enough, especially at school times, school already full, not big enough to take anymore parking for dropping and pickup when residents have trouble parking in there own roads as the school is at a dead end road

Kind regards
