| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | - Highway Access and Parking |
| Comments: | The proposed entrance to the development from Knob Hill is on a very dangerous bend and is totally unsuitable. I have lived opposite the site for over 40 years and have witnessed 2 cars overturn on this bend outside my house as well as having numerous cars leaving the bend and crashing onto my verge and through my fence. Cars travel down this road as a rat run at excessive speeds despite there being a 30 mile mph speed limit. There is no footpath and the road is used for pedestrian traffic as well as equestrian use and cyclists. The proposed access will result in some very serious if not fatal accidents and is wholly |

unsuitable.

Kind regards
