Customer Details

Address:	Crofters Rock Road Washington

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Privacy Light and Noise
Comments:	Hi, I was just adding to my comments previously that I have lived opposite this site for over thirteen years and have seen no signs of a Forestry or agricultural business run from this site. The application says that it has been running for twenty seven years so there must be HMRC documents to show this. This has had an application refused once already for a very similar thing so it should need a full planning application so all neighbours can see what this building is actually going to be used for.

Kind regards
