Subject: FW: DC/25/0560 Horsham Leisure Park, Bowling Alley Albion Way Horsham

In addition to the comments from my colleague Paul Hobbs, I would make the following response to the proposed variations to conditions relating to the
Noise Management Plan (5) and hours of use of the external balcony area (10).

Noise Management Plan (5)

The proposed noise management plan is principally a customer management plan. The aim of condition 5 as currently worded is to ensure that a suitable level of management control and responsibility is maintained with respect to noise from all activities at the premises, not just noise from patrons.

External Balcony area (10).

There are a residential premises nearby and the park location will be very quiet at night therefore it is recommend that the outdoor terrace is not used after 22:00 hours on any day.

Regards

Lee
