Reasons for comment:	
Comments:	I wholeheartedly support this application. As the leaseholder of Flat 3, directly above, I have observed the rapid decline of the current conservatory. A new orangery will not only enhance the structural integrity and appearance of the property but also add significant value to the property. The disrepair of the existing structure has been flagged on numerous occasions over the last five years without resolution. It is reassuring to now have an owner committed to replacing it with a well-designed orangery that will improve the overall property and benefit all residents. Please let me know if any further support is required to facilitate the approval of this application. Yours sincerely, [redacted]

Kind regards
