Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	<p>The current reception area at Leonardslee Gardens is not adequate for the number of visitors they have. During busy days there is a queue of visitors who are waiting outside and close to parked cars. As the demographic of people are elderly or young families this is not ideal. I would also like to visit the new garden shop and get a coffee without having to go into the gardens. I can only see these new plans as a positive step forward in developing what is a beautiful place and a great asset for the local area.</p>

Kind regards
