Comments:	I live in Flat 2, The Coach House. My Flat is on the 1st floor and as far as I am aware I have the only window that overlooks the part of Colgate Lodge that will be affected by the proposed renovations. I feel that the removal of the obsolete chimneys and the re-slating

of the roof is a good idea and will help to preserve the character of the building and ensure that the Coach House remains a safe family home.

I have no objection to the proposed changes. I feel that these are necessary works and that they should go ahead.

Kind regards
