Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Considering that the ground has an FA approved capacity of 2000 but the most ever attending was last season against Maidstone in the FA cup, attendance 1100, it would be great to allow the spectators somewhere dry to sit. Normal attendance on home games is around 150-200. The capacity and attendance will not increase, the 150 seat stand will not be 3 times the size of the 50 seater as it will be more efficiently designed, and it will surely be an improvement on the eyesore that is currently there. The reality is, despite the detractors that have complained about everything

the club does, that this will make no difference whatsoever, and will help support the wonderful work the club does with the 450 young players from the local area. Fully in support.

Kind regards
