Reasons for comment:	<ul style="list-style-type: none"><li>- Design</li><li>- Highway Access and Parking</li></ul>
Comments:	<p>I would like to support this application. As an existing resident of Saucelands Lane, building four barn-style domestic properties on this "brown" site is very much preferable to any other commercial development that would be out of keeping with this very rural environment.</p> <p>Approval will provide the applicant with the perfect opportunity of erasing the scar of the existing commercial site &amp; buildings, and</p>

re-landscaping the ugliness of the existing large area of overgrown vegetation and brambles.

We would, however, like to be assured that no further building on this site than that which constitutes this application should be permitted in the future.
