Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Loss of General Amenity- Overdevelopment
Comments:	Small industrial storage units are rapidly declining in the local area, making it increasingly difficult for small businesses to secure appropriate premises. For this reason, I believe this site is essential and should be retained for its current use. Furthermore, there is no demonstrated need for additional housing in this locality. Nearby areas such as Southwater and Broadbridge Heath have already experienced significant levels of

residential development, and Ashington itself has recently had multiple housing sites approved. Further loss of employment space in favour of housing would be unnecessary and detrimental to the local economy.

Kind regards
