Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	<ul style="list-style-type: none"><li>- Design</li><li>- Other</li><li>- Trees and Landscaping</li></ul>
Comments:	I consider the proposed development would be a suitable use of the existing site, which is now redundant for commercial purposes, as it no longer meets current standards for commercial use. The proposed 4 houses are of a traditional design in keeping with the surroundings and I note that care has been taken to retain existing trees to minimise any visual impact. In fact I think

the development would improve the site. I therefore support the proposed development.
