Comments:	I believe the proposed plan will make a very positive addition to the local area. It makes sense to replace the current mishmash of dilapidated buildings on a disused contractors yard with these considerably designed homes. These are well-designed houses with plenty of parking and landscaping in an appealing rural location. Far safer to make over to residential use, otherwise it

can be risky to road-users, having large slow plant vehicles coming and going onto a small country lane.

Kind regards
