Address:	North Lodge Denne Park Horsham

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Privacy Light and Noise
Comments:	Noting the proposed change to the use at Chesworth visitor centre to 'workshop or any space falling within Use Class B2' is a material change. This would increase the noise from the work working machinery (and potentially ancillary dust removal equipment), this would impact on the general peacefulness of the area. It is a place used by the wider public to escape the noise of central Horsham. A longer term concern is that the change to workshop or any space falling within 'Use Class B2' could lead to far more noisy activities than that those proposed by the Men Shed as current/immediate tenants.

Other concerns include increased vehicular traffic to a well used walking and cycling route along an unlit road/path.

Kind regards
