Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	We strongly object to the proposed felling of this mature English oak tree. The position of the tree in the rear garden and the orientation of the sun throughout the day from sunrise to sunset means that the tree would cast very little shade on the house. This is contrary to the claim in the application that the tree casts a lot of shade on to the house. We do not believe the felling of a healthy mature oak tree for reasons of mere convenience is justifiable.

On a separate note, is this tree subject to a TPO?

Kind regards
