Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Trees and Landscaping
Comments:	The site used to form part of a wood and the majority of trees have now been felled so we feel that it is important to retain those that are left. The planning permission for this house was granted on the basis that this large oak was retained and nothing has changed since to justify its removal. The reason given seems to be to improve the amenity of the house, in which case why not just have the tree cut back so as to

get more light in the house, rather than remove yet another perfectly healthy oak tree in the Lane.

Kind regards
