The deadline for DC/24/0534 is today and I was hoping to add a comment on behalf of Woodmancote Parish Council regarding this application but the portal has already closed (?) Could you please add the following comment [redacted]

Woodmancote Parish Council has no objection to DC/24/0534 but it would like to point out that the application states that the window rendering will match the current windows in white UPC but in fact the current windows have a woodgrain finish.

Many thanks
Regards
Liz - Clerk, WPC
