Sam,

[redacted] I live at 38 The Boulevard in Highwood Village, Horsham – backing onto 7 Tilney Drive who I believe have applied for permission to extend into the roof and build 3x dormer windows facing the back garden.

I am writing to express my strong objection to this. We moved in on the understanding a two storey house would be behind us and this is a material change to that situation.

These windows would leave us significantly overlooked, and I don't think this is fair to us as their neighbour.

Please confirm receipt.
