Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Highway Access and Parking- Loss of General Amenity- Privacy Light and Noise
Comments:	<p>This location is not suitable to be built on as there is no direct access to the site for any machinery or materials that would be required.</p> <p>The only access would be to drive across Amberley Park which would impact on the users of the park. The health and safety of those using this green space is paramount and to have machinery</p>

using the same space as children, dogs etc is not something that should be considered.

I am also aware of the parking issues in the Rowlands Road area and any extra vehicle movements and requirement for parking will have a detrimental impact to that area.

There should also be consideration for those in the immediate vicinity of this proposed site. The loss of light, outlook and the impact of the build to those living around that area is also of importance.

I object to this proposal.

Kind regards
