Customer Details

Address:	Lawnswoo Cripplegate Lane Southwater

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	After looking at the plans provided it would seem that the existing ground levels have been raised sufficiently to be classified as engineering works and would require planning consent. The retrospective application for a summer house is again one more attempt to circumvent planning requirements. That along with the increase in ground levels done within the landscaping works will cause a loss if privacy to adjoining properties. Could Enforcement department take a full look at the works that have been undertaken on this property

Kind regards
