Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity
Comments:	I am writing on behalf of the Horsham Society to object to this application. In our view, as matter of principle, heat pumps should be installed such that they are not visible from a public road (eg in rear gardens). As the number of such installations increases, unless such a restriction is applied, there will be considerable adverse impact on the street scene. [redacted]
