Subject: DISC/25/0131 - Moat Road, Mowbray

Dear Jason,

Environmental Health have reviewed the Geo-environmental Remediation Strategy and Verification Plan, dated 03.03.25, and we are satisfied that condition 18 for the area of land covered by the moat road extension can be discharged.

From reviewing Figure 1 of the above mentioned report we note that the red boundary line covers a wider area than the proposed Moat Road. The risk from contamination to future site users in this parcel, which we understand is called RM4, will need to considered as part of a future reserved matters application.

Kind regards

Kevin
