Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Other - Overdevelopment
Comments:	We consider that this site is being overdeveloped with these proposals. There is a massive drain problem in this area of the Copse and adding a swimming pool, in the proposed position together with shower, basin and WC will just add to the sewerage disposal

challenge.
Inevitably, there will be considerable additional noise from the outdoor pool and those using it. There will inevitably be considerable negative environmental impact.

Kind regards
