About the fees we charge if you use your card abroad

Withdrawing cash in pounds in the UK
Using your Cashpoint® card at a Lloyds Bank Cashpoint or branch in the UK – Free.

Using your Cashpoint® card at a non-Lloyds Bank cash machine or branch counter in the UK - Lloyds Bank does not charge but the owner of the machine may. If so, the machine will show you the amount and tell you that it will be taken from your account when you withdraw the cash.

Withdrawing cash in a foreign currency, or withdrawing pounds outside the UK (at a cash machine or over the counter) - If you use your Cashpoint® card to withdraw cash in a foreign currency, or to withdraw cash in pounds outside the UK, Visa will convert the amount into pounds the day the transaction is processed using the Visa Payment Scheme Exchange Rate. We will charge a foreign currency transaction fee of 2.99% of the amount of the transaction. This is a fee for currency conversion. We will also charge a foreign currency cash fee of £1.50 for each withdrawal.

If you ask the cash machine operator/financial service provider to make the conversion, we will only charge a foreign cash fee of £1.50 for each withdrawal. The provider of the foreign currency may make a separate charge for the conversion.
