Reasons for comment:	<ul style="list-style-type: none">- Overdevelopment- Privacy Light and Noise
Comments:	The rapid and uncontrolled expansion of new housing in Pulborough raises significant concerns. With the overwhelming pace of construction, we're seeing an alarming lack of planning for essential facilities and amenities. Schools, doctors, public

transportation, and drainage and water systems are being left behind, placing added pressure on existing infrastructure that is already struggling to cope! This development will not only impacts the quality of life for current and future residents but also puts undue strain on the environment and village facilities. There are still empty houses for sale in all the local developments so this housing is un-needed.

Kind regards
