Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	Firstly, my wife and I are owner occupiers of a property in Charlton Street and feel we will be directly affected by the

proposed Cricket Club development, not least in terms of on-street parking which is difficult at the best of times, and by noise levels - customers at the existing club bar can at times be intrusively noisy, especially in the evenings/at night/at closing times. It is shocking, therefore, that not all the houses in Charlton Street which back onto the Memorial Field where the Cricket Club is situated have received notification from Horsham Planning Department have of this planning proposal! All the cottages, including ours are sited in a conservation area - how is it that the proposed 2 storey building can conform with the old-world charm of the street? It looks nothing like a cricket pavilion, either in size or style. If changes are to be made the cricket club should have the decency to recognise in its proposals the very special environment that the cottages in Charlton Street and Memorial Field afford, their historical interest and, most of all, show respect for their neighbours' privacy, properties and sense of well-being for which Steyning is so proudly, and rightfully, known. all of whom live in close proximity to the site in question.

Kind regards
